### Courses

#### Udemy

Complete 2022 Web Development Boot Camp, React, Complete Javascript.

### About Me

Front-end developer and researcher with a passion for creating innovative solutions to complex problems. Eager to obtain a entry level position at prestigious companies that will expand my learning and build upon my developer skills. Also have a good knowledge of Ms office and ui/ux developer.

### Professional Experience

#### Tcr Innovation

*2022 - web developer intern*

There was a prior two months training of web development clearing basic web dev concepts and advance learning for two months after that I was assigned to collaborate with different teams to create a responsive website.

#### Pixsonik

*May 2023 - Front end Developer*

As a front-end developer, I utilized ReactJS to create visually appealing and interactive user interfaces for responsive websites. I collaborated with designers and back-end developers, wrote clean code following best practices, and optimized performance.

### Projects

#### Real Estate

*React JS, Next JS, Node JS*

A Nextjs based website for buying your dream house which just some simple clicks away. Also provide filtering your search based on your preference and your location and financials.

#### Variga

*refine, reactjs, expressJs, mongodb Javascript*

A platform where the user can upload the property which they want to list along with the description on the webpage and they can also view the property which are listed by the other user or by an agent.

### Achievements

Dec - 2022      Participated in Aavishkar.  
Feb - 2019      Won gold medal in chess
